

ExpressVote®

Universal Voting System

Prevents overvoting

The intuitive interface also alerts voters to ballot exceptions, like undervotes.

Easier-to-read ballots

Visual aids include high contrast and zoom functionality.

Multilingual

Supports any language in audio and 12+ languages in text.

Simple activation

The voter inserts a card to activate the voting session. After voting is complete, the vote summary card is dispensed for voter review.

Audio-tactile keypad

Enables voters to control audio and navigate the ballot.

Access panel

Includes a headphone jack and a port for a sip-and-puff device or two-position rocker switch.

An accessible system with a voter-verifiable paper record

ExpressVote is a reliable, secure and efficient system for election officials and their staff, poll workers and voters. The paper-based ExpressVote combines touch-screen voting technology with an integrated thermal printer to produce a paper record for tabulation.

Easy election management

- Reduces costs by eliminating the need for printing and storing traditional pre-printed paper ballots.
- Simplifies post-election management because there are no unclear marks to adjudicate. Prevents overvotes and alerts voters to ballot exceptions, like undervotes.
- Produces a voter-verifiable paper record that is scanned, tabulated and saved for auditing purposes.
- Maximizes your investment because ExpressVote can be used many ways — in polling places and vote centers, during early voting and on Election Day.

A great experience for voters

- Enables all eligible voters to make their selections privately and independently. Fully compliant with the Americans with Disabilities Act (ADA), ExpressVote enables all eligible voters to make their selections privately and independently.
- Improves voter confidence because the interface prevents them from overvoting and alerts them to ballot exceptions, like undervotes.
- In assistive mode, with headphones, offers ability for reading back the voter's selections before printing the vote summary card.
- Provides voters the opportunity to review their selections twice before tabulation — on the summary screen and the printed card.

Poll workers love it

- Shorter Election Day for poll workers — six steps to open and two to close — so they don't need to arrive as early or stay as late.
- Small, lightweight and easy to move and store.
- No ink to replace on Election Day.

Security you can count on®

ExpressVote offers so many security features, we couldn't include them all here. To learn more about how we protect our systems and data, visit essvote.com/feature/security.

“Canvass and hand count went very smoothly; that ballot was easy to read and easy to determine the voter's intent. No overvotes.”

Vera McCormick
Kanawha County, WV, County Clerk

Specifications

Ballot style capacity: Up to 15,000

Languages supported: Any language in audio and 12+ in text
